

Cover Letter – Software Engineer Internship

Dear Hiring Team,

I am writing to express my interest in the Software Engineer Internship at EROAD for the 2026–2027 summer program. I am currently pursuing a Bachelor of Technology in Computer Engineering at Dharmsinh Desai University, and I am eager to apply my technical knowledge and problem-solving skills in a real-world environment.

I have a strong foundation in programming languages such as Java, C++, and JavaScript, along with experience in web development technologies including HTML, CSS, and React. Through my academic projects and personal learning, I have developed a keen interest in building scalable applications and working with backend systems. I am also familiar with data structures and algorithms, which helps me write efficient and optimized code.

What excites me most about EROAD is its focus on innovative technology solutions and real-world impact. The opportunity to work on meaningful projects, collaborate with experienced engineers, and learn in a dynamic environment aligns perfectly with my career goals.

I am a quick learner, highly motivated, and passionate about technology. I enjoy solving complex problems and continuously improving my skills. I am confident that my dedication and enthusiasm would make me a valuable addition to your team.

Thank you for considering my application. I would welcome the opportunity to contribute to EROAD and further develop my skills as a software engineer.

Sincerely,
Patel Om Nayan Kumar
